Title and Abstract

Title Zakāt, Regional Autonomy, and Sustainable Development (Review of Maqāṣid al-sharī`ah System Approach)

Abstract Based on the Maqad al-shar'ah System Approach, this study aims to develop the concepts of zakat, regional autonomy, and sustainable development. Zakat is an adaptable tool for development. Indonesia is a dynamic, space-and-time-interacting society. In the Indonesian context, maqid al-shar'ah is used as an elegant methodological bridge between zakat and development. In terms of regional autonomy, each region can benefit from the economic potential and political policy direction by establishing zakat organisations as intermediaries in the style of a bank.

Ditunggu sampai akhir Maret.
Bulan publikasi Maret, akan terbit Maret. Kalau memang akhir Maret belum diterbitkan, baru tanya. Ini juga masih tanggal 2 sudah bingung tanya artikel.

Setiap edisi bulan terbit akan terbit dibulan tersebut, tunggu sampai akhir bulan selesai. Begitu proses publikasi naskah bagi penulis yang paham pengelolaan jurnal.
